Updated October 2026

CreARTivity Magazine is an independent, multilingual publication on arts, cultures and creativity, based in New Jersey. We publish in English, French, Spanish and Haitian Creole, for art lovers, students, educators and cultural professionals in New Jersey, Haiti and the Caribbean, Francophone communities and beyond.

The magazine

We launched in January 2026 and have published more than 270 articles since, across arts, cultures, artist profiles, events, books, cultural guides and a section for creative writing from outside contributors. Our weekly newsletter goes out every Sunday at noon. We also publish on Instagram, Facebook, Threads, Bluesky and X.

How it works

Write to us with what you would like to promote and the dates you have in mind. We review your request first and confirm that it fits the magazine. Once we agree, we send a secure payment link, and your placement is scheduled after payment. If we decline a request after you have paid, we refund you in full.
